Dear Michael,

Thank you for your letter of October 5, 2011 that provides an update on recent changes you have made regarding non-urgent patient transportation in the Manitoulin-Sudbury Area as per our earlier discussion.

As you are aware, the North East Local Health Integration Network is preparing to undertake a non-urgent patient transportation planning exercise to address some of the long-standing issues surrounding this important service across the region. Given your leadership on this file, we look forward to working closely with you over the coming months.

Sincerely,

Original Signed

Louise Paquette
