Dear Ms. Bauer,

Thank you for your application for the Community Action Research Project Innovation Fund entitled **Continue development of co-located/hub services model in northern town of Chapleau.**

I am pleased to inform you that your application has been approved for funding in the amount of **\$20,000.**

Margie Bettiol will be in contact with you in the near future to provide further details regarding the allocation of your funding.

As you are aware, the Innovation Fund was created to support community groups to undertake specific, focused work in core areas related to integration. The results of these successful strategies will be documented to inform ministry's continued work in his area and be useful for other communities to learn from and emulate. More information about the project evaluation process will be provided at a later date.

I thank you for your continuing good work and support on this important initiative and look forward to following the results of your project.

If you have any questions please contact Margie.

Sincerely,

Sandra Russell  
A/Regional Program Manager
