Dear Gail,

Re: Non-Urgent Inter-facility Patient Transportation Pilot Project Expression of Interest (EOI)

Thank you for responding to the North East Local Health Integration Network's (NE LHIN) recent call for expressions of interest for non-urgent inter-facility transportation pilot projects.

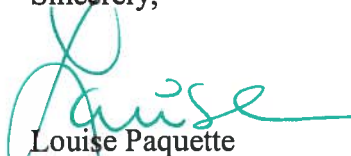

As noted in the EOI, all proposals were evaluated against the following criteria:

- Experience and Qualifications of the Provider and/or Partners
- Approach and Work Plan
- Evaluation of Budget and Costs

Significant interest was generated through this EOI process. Unfortunately, given the limited resources that were budgeted for pilot projects we are unable to proceed with your proposal.

Should you have any questions, please do not hesitate to contact Philip Kilbertus, NE LHIN Senior Officer, at 705-840-1080 or via email at philip.kilbertus@lhins.on.ca

Sincerely,

Louise Paquette
Chief Executive Officer

LP/pk
