Tests GED® (General Educational Development), now available in Chapleau

Chapleau, Ontario – FormationPLUS, centre de formation francophone pour adultes pour Chapleau et les environs is proud to announce that for the first time GED® test will be administered locally.

The GED® Testing Program is administered by the Independent Learning Centre (ILC). The Ministry of Education has designated the ILC as the sole provider of the GED® testing services for the province of Ontario. In previous years, clients from the North had to travel to Sudbury, Sault St-Marie or Thunder Bay to complete the GED® test.

Adults wanting to obtain a certificate of high school equivalence will no longer have to travel long distances to write the GED® test. Success on the GED® test demonstrates that the participant has the “educational maturity” equal to, or above, the level of a high school graduate. Successful completion of the GED® test can open many doors for the participants, whether to higher education or employment.

GED® test dates in Chapleau : June 1 and June 2, 2017.

Registration deadline : May 5, 2017 at 12 p.m. (noon)
