Dear Mr. Dominelli:

At the December 13th, 2017 Council Meeting your requests were addressed regarding the Ambulance Station. Council resolution 17-465 is attached hereto which speaks to the issues.

Item #1: The Municipality is not interested in selling the building;

Item #2: A new main door will be installed at our approximate cost of \$2,500 - \$3,000;

Item #3: The request to install a new automatic transfer switch to power up the building from the existing genset at the Water Treatment Plant has been deferred to the 2018 Finance Committee. Council would like to hear your reasons for requesting this connection;

Item #4: Upon review by our Chief Building Inspector Council understands this would be a substantial expense that would involve significant structural modifications and the involvement of a structural engineer. Therefore, changing the two 10 foot doors to one 20 foot door is not a consideration at this time.

If you have any questions, please contact the undersigned.

Sincerely,

THE MUNICIPALITY OF KILLARNEY

(Mrs.) Candy K. Beauvais,
Clerk-Treasurer.
