- Notes:**
1. Serious occurrences data is available since December 2013, and 2013-14 data only includes serious occurrences reported to the ministry from December 2013 to March 2014.
  2. As of August 29, 2016, serious occurrences categories were redefined as part of Ontario Regulation 137/15 amendment. The data may not be directly compared over the years.
  3. The following Serious Occurrence categories are now ineffective: "Serious injuries", "Complaint about service standards", and "Other". As part of the amendment, the "Life-threatening injury or illness" category was added.
  4. Serious occurrence records verified as "Not a Serious Occurrence" are excluded from the report. The 2017-18 data is preliminary as some serious occurrences were still under review.
  5. None of the "Death of a child" reported in 2017-18 occurred at a home child care premises or a licensed child care center.

1. Serious occurrences data is available since December 2013, and 2013-14 data only includes serious occurrences reported to the ministry from December 2013 to March 2014.
  2. As of August 29, 2016, serious occurrences categories were redefined as part of Ontario Regulation 137/15 amendment. The data may not be directly compared over the years.
  3. The following Serious Occurrence categories are now ineffective: "Serious injuries", "Complaint about service standards", and "Other". As part of the amendment, the "Life-threatening injury or illness" category was added.
  4. Serious occurrence records verified as "Not a Serious Occurrence" are excluded from the report. The 2017-18 data is preliminary as some serious occurrences were still under review.
  5. None of the "Death of a child" reported in 2017-18 occurred at a home child care premises or a licensed child care center.

- Notes:**
1. Serious occurrences data is available since December 2013, and 2013-14 data only includes serious occurrences reported to the ministry from December 2013 to March 2014.
  2. As of August 29, 2016, serious occurrences categories were redefined as part of Ontario Regulation 137/15 amendment. The data may not be directly compared over the years.
  3. The following Serious Occurrence categories are now ineffective: "Serious injuries", "Complaint about service standards", and "Other". As part of the amendment, the "Life-threatening injury or illness" category was added.
  4. Serious occurrence records verified as "Not a Serious Occurrence" are excluded from the report. The 2017-18 data is preliminary as some serious occurrences were still under review.
  5. None of the "Death of a child" reported in 2017-18 occurred at a home child care premises or a licensed child care center.

1. Serious occurrences data is available since December 2013, and 2013-14 data only includes serious occurrences reported to the ministry from December 2013 to March 2014.
  2. As of August 29, 2016, serious occurrences categories were redefined as part of Ontario Regulation 137/15 amendment. The data may not be directly compared over the years.
  3. The following Serious Occurrence categories are now ineffective: "Serious injuries", "Complaint about service standards", and "Other". As part of the amendment, the "Life-threatening injury or illness" category was added.
  4. Serious occurrence records verified as "Not a Serious Occurrence" are excluded from the report. The 2017-18 data is preliminary as some serious occurrences were still under review.
  5. None of the "Death of a child" reported in 2017-18 occurred at a home child care premises or a licensed child care center.

1. Serious occurrences data is available since December 2013, and 2013-14 data only includes serious occurrences reported to the ministry from December 2013 to March 2014.
  2. As of August 29, 2016, serious occurrences categories were redefined as part of Ontario Regulation 137/15 amendment. The data may not be directly compared over the years.
  3. The following Serious Occurrence categories are now ineffective: "Serious injuries", "Complaint about service standards", and "Other". As part of the amendment, the "Life-threatening injury or illness" category was added.
  4. Serious occurrence records verified as "Not a Serious Occurrence" are excluded from the report. The 2017-18 data is preliminary as some serious occurrences were still under review.
  5. None of the "Death of a child" reported in 2017-18 occurred at a home child care premises or a licensed child care center.

1. Serious occurrences data is available since December 2013, and 2013-14 data only includes serious occurrences reported to the ministry from December 2013 to March 2014.
  2. As of August 29, 2016, serious occurrences categories were redefined as part of Ontario Regulation 137/15 amendment. The data may not be directly compared over the years.
  3. The following Serious Occurrence categories are now ineffective: "Serious injuries", "Complaint about service standards", and "Other". As part of the amendment, the "Life-threatening injury or illness" category was added.
  4. Serious occurrence records verified as "Not a Serious Occurrence" are excluded from the report. The 2017-18 data is preliminary as some serious occurrences were still under review.
  5. None of the "Death of a child" reported in 2017-18 occurred at a home child care premises or a licensed child care center.
