Dear Mrs. Morin:

On behalf of the Municipality of Chapleau, I am writing to support the continued Delivery of the ACE program in the community of Chapleau.

It is Council's belief that the Ministry is no longer allowing LSB providers to sub-contract the delivery of LBS to third party service providers.

This restriction deeply inhibits our community's ability to service the needs of students in our area. Travel to other communities is not a possibility and the use of online services does not support the needs of all students.

I look forward to your support on this urgent matter for Chapleau, and I am available to discuss this with you at any time.

Sincerely,

André Byham
Mayor, Township of Chapleau
