

February 25, 2013

Joseph Maurice, Superintendent of Education
Algoma District School Board
Adult & Continuing Education
232 Northern Avenue East
Sault Ste Marie, ON
P6B 4H6

Dear Mr. Maurice:

As discussed, this will confirm the conclusion of our partnership for the delivery of the ACE Program in the community of Chapleau effective March 31, 2013.

The Ministry has been examining partnership agreements in the Literacy and Basic Skills delivery model across the province for the past year. As a result, LBS Service Providers are no longer permitted to sub-contract the delivery of LBS to third party service providers.

Please be assured that learners in Chapleau may continue to access ACE programming via ACE Distance Delivery. For more information on ACE Distance, please feel free to visit the following website: www.acedistancedelivery.ca

On behalf of Northern College, I would like to take this opportunity to thank you and your staff in Chapleau. We wish the Chapleau Learning Centre all the best in their future endeavours.

In closing, it has been a pleasure to partner with the Algoma District School Board.

Sincerely,

Johanne Recoskie, Manager
Employment Services and Academic Upgrading
